Interesting News Letters From Maui and Hawaii.

SOCIAL EVENTS VERY ABUNDANT.

A Chinaman kills a Portuguese at Hamakua—Kala. Reports Success in the Registration of Voters—The Mahukona Fire—Other Items.

MAUI, August 11.—During Thursday evening, the 9th inst., Mr. and Mrs. H. P. Baldwin gave a "welcome home reception" to their four sons, who have recently returned from various Eastern colleges to spend vacation days at Haiku.

Makawao, Kahului and Spreckelsville people, together with a number of summer visitors, made the gathering a large one, and the perfect night, with its balmy breezes and soft moonlight, added much to the success of the occasion.

Vocal music by Mrs. Perley Aiken and Miss Kate Fleming, and instrumental by Mrs. Forest and the Star Orchestra, was much appreciated and applauded.

Fireworks on the lawn was the sensation of the evening. The guests grouped themselves on the verandas and walks, and the stringed band played lively strains while the most excellent pyrotechnic display was in progress.

After ice cream and cake it was goodbye to the Baldwin boys and homeward bound, with thoughts of another delightful event haunting the mind.

On the following evening, the 10th inst., another charming affair—a dancing party—in honor of Miss Eva Smith, was given by Mr. and Mrs. Taylor, of Hamakua. Here again the Star Orchestra did brilliant work, and earned the gratitude of the twenty-five merry guests, among whom Yale, Harvard, "Tech" and Hotchkiss were represented.

The event was a most enjoyable one, and the candles in the veranda lanterns burned low, very low, ere reluctant farewells were uttered and impatient animals turned homeward.

STRAY SCRIBBLINGS.

Miss Deyo, of Hilo, is visiting old friends in Makawao.

It is Makawao versus Wailuku at baseball this afternoon at Makawao polo grounds.

Mrs. Marks, of Honolulu, is being entertained at D. D. Baldwin's, Haiku.

About two acres of rattoons were burned at Spreckelsville during Thursday evening the 9th inst.

Misses Nickelsen and Lindsay, of Kauai, are guests at Spreckelsville. They depart for Hana today.

Mr. C. H. Dickey is back from Honolulu and will join the Board of Registration at Lahaina.

Miss Wing arrived this afternoon and is domiciled in the pleasant residence of Mrs. H. B. Bailey of Makawao.

Messrs. Arthur and Frank Baldwin, sufferers at Ogden from the recent strike, arrived home well, the 8th inst.

During the 31st instant a Portuguese named Jose de Mideiros ran over and killed a Chinaman known as Ah Sam at Hamakua. Yesterday, the 10th inst., Mideiros was committed for manslaughter by Police Justice Copp of Makawao. It seems that the Portuguese was riding his horse without a bridle, guiding but not controlling him with a simple piece of rope. The evidence presented differs as to several facts, but in the main the probable story of the Oriental's death is that he was knocked down by the horse which was either galloping very fast or running away, and the iron shoe on one of the animal's hind feet crushed in Ah Sam's forehead. He lived for several hours after the accident.

Hon. J. W. Kala, who has just returned from Hana, gives glowing accounts of the hospitality of Hana people toward the Board of Registration. Messrs. W. von Graevemeyer, P. Mc Lane, Judge Kaleo, N. Oimsted and many others treated them most kindly. Quite a number of natives were registered in Kipahulu and Kaupo.

The Board spends the next two weeks in Lahaina and on Mo'okai and Lanai.

Weather:—Warm and delightful, with no prospect of rain.

Hilo, (Hawaii) Aug. 9.—Miss H. Austin entertained a number of friends at her home on Tuesday evening of last week. The invitations issued some days before were original and very neat—two plain white cards tied together with a dainty bow of ribbon—the one announced that "Miss Harriet Austin would be happy to have you join her in the study of geography Tuesday evening, July 31st, 1894," and the other said "Please represent some geographical feature or designation by means of a simple device."

Some of the "simple devices" proved quite puzzling. Ireland was well represented in Miss Cunningham, Dublin. Mr. Schoen, Belfast. Mr. Scott, Cork. Hawaii, Mrs. Baldwin, Pearl City. Hilo, Miss Alexander. Diamond Head, Miss Rice. Mr. Whitney representing Mt. Whitney. Miss Hattie Hitchcock, Chile. Miss Wing, Cape Flattery. Miss Broderick, Pekin, China. Miss Daniels, Chicago, and many others helped to make a very enjoyable evening. Ice cream and cake were served as refreshments.

On the 3rd inst. Mr. and Mrs. W. L. Rose entertained a large number of

their friends at their home on Church street, the event being the twenty-fifth anniversary of their wedding. The event was spent very pleasantly in conversation and dancing which was kept up till midnight. Mrs. Rose was assisted by her daughters, Miss Rose and Miss Pauline in entertaining the guests.

Prof. Adelstein of San Francisco gave a very successful and enjoyable concert at the Hilo Courthouse on Saturday evening, August 4th. The following named ladies and gentlemen assisted at the entertainment: Mrs. J. Lewis, soprano; Miss Porter, pianist; Miss Lougher, soprano; Mr. F. M. Wakefield, baritone; Dr. R. B. Williams, violin; Prof. Adelstein, mandolin and lute.

PERSONAL JOTTINGS.

W. R. Castle returns to Honolulu per this Kinau. Mrs. Castle is still a guest at the Volcano House.

Mrs. Henry Deacon of Pepeekeo is visiting her sister in Hilo.

Mr. C. E. Richardson and family are enjoying the bracing climate of Kilauea.

Judge Barnard and Manager MacLennan of Laupahoehoe are in town. Miss Alexander of Honolulu who is the guest of Mr. and Mrs. E. D. Baldwin paid her respects to Madam Pele last week.

We may expect soon some interesting pictures of the Volcano in her present state from the brush of D. Howard Hitchcock, who came up from Honolulu on the last trip of the Kinau.

Miss Coan of Hilo is spending her vacation at the Volcano.

Husted's Directory representative is in town, canvassing ads and subscriptions.

Tourists and island visitors who have been in Hilo during the past two months will go away from here doubting the truthfulness of the many web stories that have been told to them in the past of the much slandered little town.

Mr. Collier representing the New York Life Insurance Co. is actively engaged in canvassing the district for applicants for life insurance in his company.

Madam Moore of Honolulu is to have a dancing class in one of the vacant rooms at the Union School.

The Protestant Portuguese Church is receiving a c. at of paint.

The bark Annie Johnson brought down five cabin passengers: Miss Emma Schoen, Mrs. R. A. Williams, T. E. Grindell, T. M. Harrison and Geo. J. Green; also 25 mules for Palahala plantation and five horses for Hilo. The C. F. Crocker is the next vessel expected.

KOHALA (Hawaii), August 9.—The planters' clothes are getting all bagged at the knees again, praying for rain. If the Republic is to come up to our expectations of it, Kohala ought to have rain within a week.

The new plant cane has made a beautiful start, but there is not much moisture in the ground for it to feed on. The rains we have had already have not penetrated far below the surface. This is also pretty generally true of all our rains for a year past.

The crop of cane that is to be taken off this winter, seems to have no deep roots. The stalks of cane, having but little roothold in the ground, have to be handled carefully this year. We have threatening skies toward night fall, and sometimes a sprinkle of rain, but the showers seem to fall just off shore. The roads are getting dustier than they have been for four months; but that does not prevent riding parties these moonlight nights. Trips are being taken to many of our famous points of interest. It is said that a large party lately spent all the early part of the night searching for the leian, and a good deal of the rest of the night finding their way back. But they got there anyway, as Kohala folks generally do, and they all got back before breakfast.

Mr. and Mrs. R. R. Hind and Miss Mollie Hind leave by their steamer for Honolulu, on their way to their San Francisco home. Miss Dice of Kawahoe Seminary also returns to Honolulu by this Kinau.

Miss Hind gave a farewell party on Tuesday night. Everyone was there, and a delightful time was spent in dancing and other amusements.

The Kohala Literary gave another of their popular entertainments last Friday evening at the Seminary. Papers were read by Miss Bruce and Messrs. Barnett and Renton. Selections from George Eliot's works were read by Misses Bicknell, Pope and Paulding. The music was furnished by Miss Dice, Mrs. E. E. Bond, Mrs. J. Hind and Master Robbie Bond. After the literary half an hour was spent in the Picture Gallery, a unique and ingenious means of entertainment. Mrs. G. F. Renton and Miss Bruce explained the mysteries connected therewith.

As already told in your paper the Mahukona store and offices were entirely destroyed by fire. At five o'clock that evening when the place was locked up for the night everything seemed as usual. But three hours later, at eight o'clock, a Chinaman about a quarter of a mile away saw flames bursting through the roof in about the middle of the building. It was a wooden structure with shingle roof, and not only could nothing be done towards saving the building, but all that was rescued from the main building was six bags of rice. The wind blows from mauka, and all piles of lumber makai were consumed. The store, the Railway offices, the Post Office and the Port Surveyor's office were all reduced to ashes.

There was time enough for the Postmaster and Collector of Customs to secure most if not all of the documents and memoranda before the fire reached those offices. There was only one Japanese letter burned. Owing to the large stock of paints and groceries on hand, the fire burned on, longer after the building had disappeared, and the bursting of cans made it sound like a battlefield. There were large stores of rice that burned like a bonfire with little or no flame, but an intense glowing heat. The fire burned for twelve hours. Owing to the exceptional heat the safes suffered more than is usual in fires in ordinary buildings. There was a good deal of silver coin in one safe, and it all came out as black as though it had passed

through chemicals. The glare of the fire could be seen all over Kohala, the flame itself being visible twelve miles off. Mr. Falk injured himself by running against a car on the track on his way to the fire, and Mr. Lewis was overcome by the smoke while helping Mr. Smithies remove his things. The origin of the fire is not known. The loss is partially covered by insurance. New stores of goods have been already received from Honolulu and business will go on as formerly.

Electric Lights for 21 Cts. a Month.

Honolulu uses the electric current for lighting purposes more generally than do most American cities of its population. The reasons are found partially in the climate conditions which urge the adoption of a light unaccompanied by heat or an offensive odor. Furthermore, no gas company has found our city an inviting field for investment chiefly because of its scattered condition and the consequent large cost of reaching consumers; and electricity has thus met no competitor except the original oil lamp and the tallow candle. A third cause we believe to be largely the fact that when electric lighting was first introduced by the Government, it was offered to consumers on a basis of rates, which in many cases of commercial lighting and especially for night lighting, considerably discounted the cost of oil for the same amount of illumination. The demand thus created soon reached the limit of that Government supply.

Today the Hawaiian Electric Company possesses working capacity equal to more than three times the present combined incandescent output of the Government service together with our own.

We offer lighting at the Government flat rates as follows:

Stores and offices per 16 c. p. light per month \$1.00

Residences per 16 c. p. light per month—to 5 lights 90cts.

Residences per 16 c. p. light per month—excess of 5 lights 60cts.

We do much better than this for our consumers. We place lights in every nook and corner of your premises if you wish, measure the light you use, and charge for actual consumption only. You use light when and where you need it and you don't forget to shut it off when that need is satisfied, nor do you feel bound to keep the lights going from dusk till dawn in order to secure the value of a stipulated bill. We in turn know exactly what we have delivered to you and can figure with certainty upon a definite and rock bottom basis.

The cost of a 16 c. p. light per hour is 14 to 15 cents, varying with the efficiency of the lamp.

The probable cost to you per month is clearly indicated by the following analysis of total charges made for residence lighting during June. Average number of lights per consumer, June 30, 22; average amount paid for month's lighting per consumer \$4.54; average cost per light for the month 21cts. In view of these prices and the positive advantages of safety, convenience, simplicity and comfort, you can ill afford to use candles or oil. We furnish fittings and wiring of only the best grades and for obvious advantages at the lowest reasonable figures.

16 c. p. lamps reduced from \$8 to \$6 a dozen.
